Although the above mentioned is the current level of turnover/income and is closely related to the economic indicators, it may be more or less in future. Consequently, this Certificate does not serve as a guarantee that the income reflected will continue at the same levels. Where the entity is a start-up enterprise this EME Certificate is valid only for contracts with a single value of less than or equal to R5 million. Should the contract value being tendered for be higher than R5 million and less than R35 million, the EME will be required to submit a QSE Verification Certificate with any tender. For contracts over R35 million a B-BBEE Verification Certificate based on the Generic Codes must be submitted.

The management accounts of the measured entity have been compiled for the period ended 28 February 2015. We have obtained limited assurance as to the accuracy of the turnover disclosed. According to those management accounts, turnover does not exceed R5.0 million.
