

FOR THE PERFECT FINISH

# EXPAND-A-SHELF®

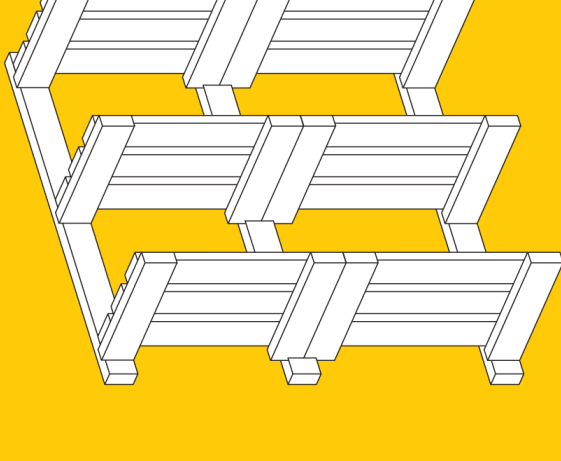

EXPAND-A-SHELF® is a DIY versatile, flexible, easy-to-assemble modular shelving solution. It's available in a variety of lengths and widths. Sturdy uprights are constructed of quality raw pine. Components are pre-drilled and screws are supplied - all you need is a screwdriver.

## Assembly instructions below:

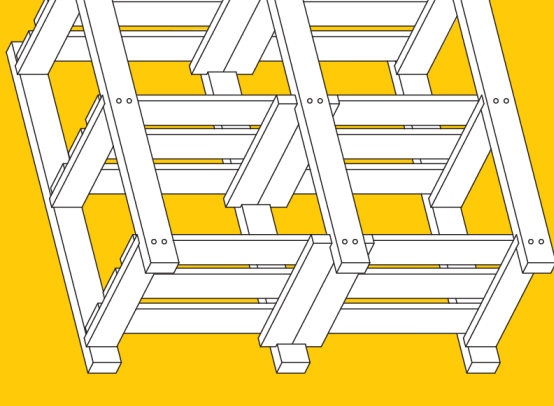

Place back uprights flat on the floor. Space them according to shelf widths. Ensure the ends marked "bottom" are aligned.

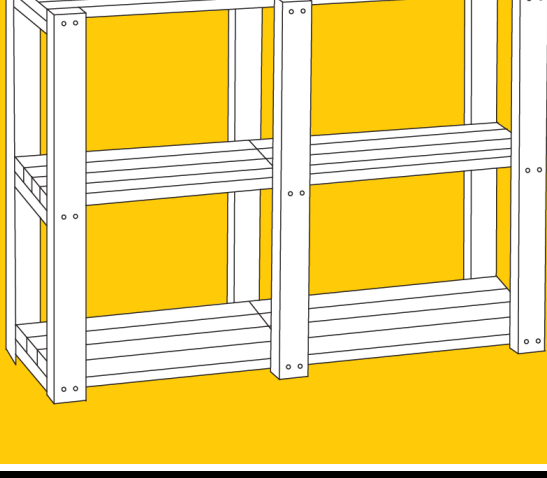

From left to right, fit shelves into grooves in the uprights. Remember: Centre uprights form a rest for two shelves.

Fit the front uprights. Ensure all shelves and uprights are correctly aligned before securing with screws provided.

When all screws have been secured on one side, turn unit over and repeat the procedure on the other side.

Stand unit upright and admire your handiwork!
